

ENTRUSTED

A STEWARD
IS VIGILANT

A Steward is vigilant.

She is ready to be faithful,
without apparent help from the Master,
for as long as it takes.

1. Be ready for as long as it takes

It will be a lot longer than you would deem reasonable. (You don't know the Master's full business.)

2. Be ready for the conflict serving the Master will bring

A message of peace that is rooted in justice and truth will divide people along the lines of acceptance and rejection.

3. You can't be ready until you're reconciled

Don't wait until you get to the judge to face the claim against you. The verdict is as sure as the weather.
